Ken's opinion

I like Suku-chan better than Ran-chan. Because, I am not good at cleaning. I have to clean my room every Sunday. If I have Suku-chan, Suku-chan will help me a lot. And I can go out on Sundays easily. That's why I like Suku-chan.

Ran-chan

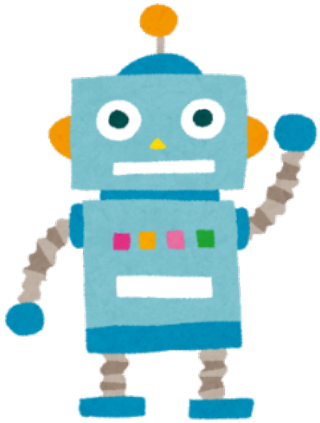

Ran-chan is a robot which washes the dishes.

Ran-chan can show you the food recipe and cook it for you.

I like Ran-chan better than Suku-chan. Because, I'm not good at cooking.

Sometimes, I have to cook dinner for my family. But I don't know the good recipe. So If I have Ran-chan, I don't need to worry about cooking. I'm sure Ran-chan is the best robot ever.
